

Our experiences, new experiences, lots of fun and most importantly a practice that has given us a lot ...

We will be writing about our Erasmus+ 2018 internship in Olomouc, Czech Republic. We will tell you about our two-week stay in Olomouc, which was combined with professional activities, fun, exploring the beauty of the city with unforgettable experiences during excursions.

Figure 1: Our Erasmus+ group

The Erasmus+ project is well promoted at our school, teachers are constantly increasing their interest in these projects. As this project interested us, we decided to apply for it and sent our CVs together with our motivation letters to the teachers. There was a lot of interest in the project among the pupils, but the teachers only selected the lucky 18 pupils from the third year at our school.

We set off on Sunday 8.4.2018 shortly before two o'clock in the afternoon from the railway station Piešťany by a direct train of the company ARRIVA to the Czech Republic to the city of Olomouc. We were 18 pupils from classes III.D, III.CT, III.EA and III.EB.

This time our tour was staying at the Comfort Hotel in the centre of Olomouc. The train journey went very quickly and the advantage was that we didn't have to change trains at all. The mood on the train was great and each of us was looking forward to the experience. It was our first experience abroad. We arrived at the train station in Olomouc, where a taxi took us all to our hotel. Then we met

with the coordinators from Agamos, who gave us all the necessary information, maps and a detailed description

travel to the place of practice for 14 days. After this meeting we had dinner at a restaurant.

We carried out our work experience in individual companies according to a distribution list of two or four pupils and according to the schedule prepared by the project coordinators at our school Ing. Vladimír Brath and Ing. Ľubica Gergelyová.

			Olomouc from 9.4.2018 to 20.4.2018
P.č.	Class	NAME	
	III.T	SLÁVIKOVÁ Martina	AGAMOS s.r.o. Mgr.Tereza VAŇKOVÁ
1		JAŠOVÁ Martina	
2		BÍLA Sandra	ČSAD Logistic a.s. Mgr. Ivana TUŠLOVÁ
3		TELIČIAKOVÁ Dominika	
4	ŠTADLER Dávid

15		FODOR Dávid	
16	III.EB	PAGÁČ Patrik	Net UNIVERSITY s.r.o. David POKORNÝ
17		BÍNOVSKÝ Peter	
18	III.EA	VIDA Kristián	

We worked from 8:00 to 14:00 in selected businesses. The content of our internship corresponded to the field of education in the school. In our work we tried to apply the acquired theoretical knowledge in real practice, to learn the working regime, working environment and we learned to work in a team of tribal employees, to get to know new people and especially their habits at work.

Picture 2 and 3: Visit to the Olomouc Zoo, all of us liked it very much - the view from the tower enchanted many of us

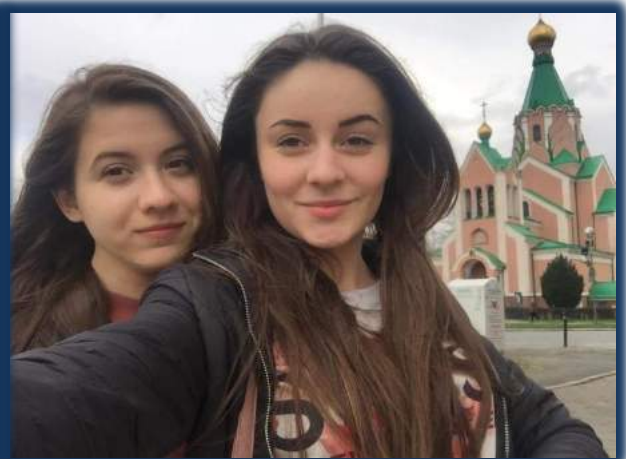

Figure 4: We also used our free time to play bowling

Figure 5: Some people admired the city and the historical buildings so much that they even took a picture with them to have a souvenir

Figure 6: In our free time we also visited the Archdiocesan Museum Figure 7: Some spent their free time on the railway stations by following and photographing trains

We can't wait to stay at the Comfort Hotel in the centre of Olomouc. In the hotel we had rooms for two or three with wi-fi connection, private bathroom and liquid soap and shampoo was a priority every day and of course TV. For breakfast we had a choice of buffet, there was fresh crisp pastries daily and no shortage of coffee, tea or juice. Our lunches were paid for by meal vouchers, which were always allocated by the teachers for each week, and we were each free to pop anywhere in the restaurant. Dinners were provided at the hotel.

Figure 8: We stayed in a hotel in the city centre

Figure 9: Breakfast was exclusive, a pleasure to get up

After work, we went to visit the historic downtown, the museum, go bowling, hang out with friends outside the hotel, and even check out the trains at the train station. All the experiences from work and after work were shared over dinner, where we not only communicated with each other about the day's experiences, but also planned our tasks for the next day.

Over the weekend we visited the zoo in Olomouc, where we saw a lot of nice and interesting animals and a panoramic view of the city of Olomouc and its surroundings from the observation tower. We were all very impressed by the view and didn't want to leave, and some of us even went there more than once. We also bought nice souvenirs for our family and loved ones at the zoo. We also visited the cinema in the commercial

Šantovka centre, where we watched the premiere of the film "Fakjú pane učíteli 3", which we were very interested in. The weather was very nice during the whole stay, it was very nice and the sun warmed us with its rays.

Figure 10 and 11: We learned a lot of practical things at work that we only learned theoretically at school

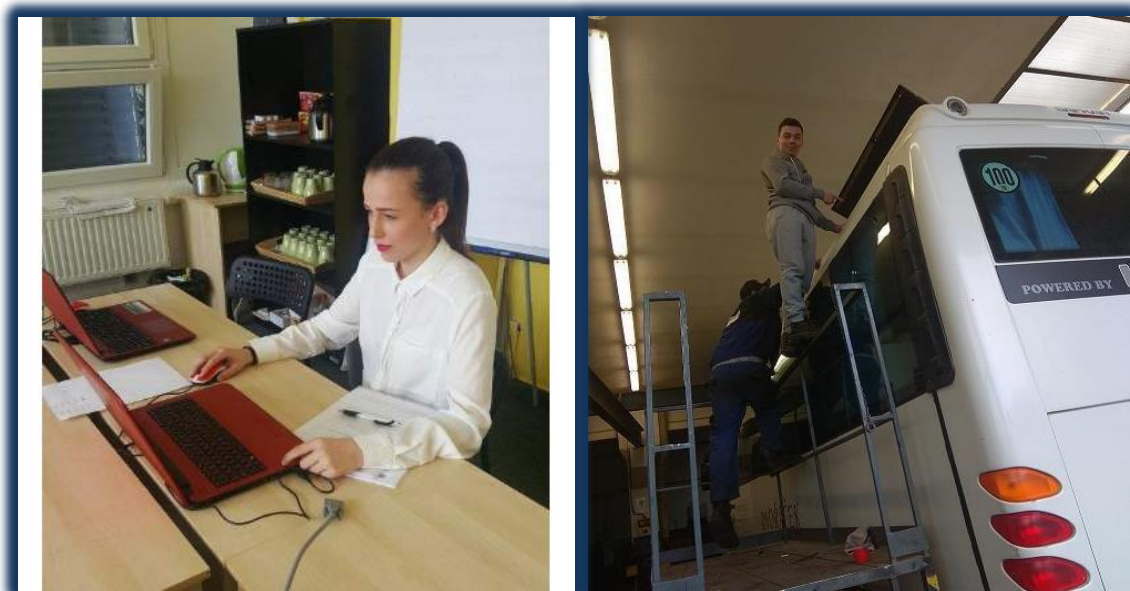

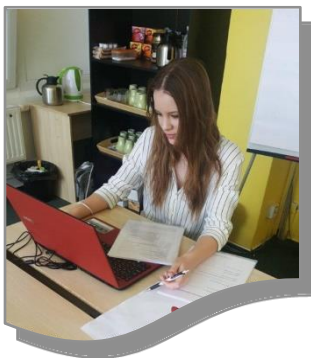

Figure 12 and 13: Each practised in a different company that was focused for his/her field

We could write about this stay forever, but we can confirm the words from previous tours that it was very good here. We are all very happy that we were able to take part in this Erasmus+ traineeship abroad. Once again the traditional duo of our vocational teachers did not disappoint with the Agamos host company. Everything was very conscientious, professional and timeless prepared, organized and arranged to a high standard, both from the companies we worked for and from the great animation program during the weekend. Our teachers, who were involved in the project itself and supervised us responsibly throughout our stay, did a high quality job. For that we owe them many thanks .In short if we could take part in this project again we would all go again! Finally, we would like to thank once again all those who made it possible for us to participate in this Erasmus+ project.

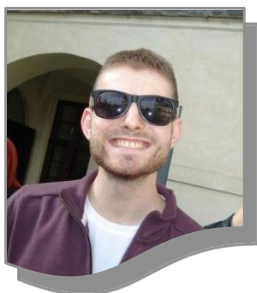

This work experience abroad was funded by the Erasmus+ project and the EU's education and training THANK YOU!

Students' evaluation of our two-week stay in Olomouc

Martina Sláviková

"Probably our favorite activity was walking through the park and the city. The beautiful scenery in the park was a treat for our eyes. We also got up every morning with a good feeling of seeing all the beautiful buildings and sights again on our way to work. But most of all, we liked to spend our free time with the people we met here and felt good about ourselves."

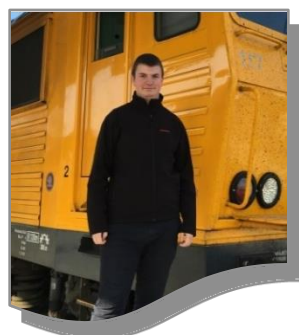

Peter Bínovský

"The Erasmus+ internship has given me new experiences and knowledge, which I have also gained thanks to the activity of my colleagues, who have been very supportive and friendly."

Karolína Ujlacká

"I loved to spend my free time in the adjacent blooming parks and in a city with beautifully preserved architecture"

Patrik Pagac

*"I really liked the internship in the company, where I finally got practical things. In my free time I spent time at the main station, where I was fascinated by the trains of different carriers, but most of all by my favourite RegioJet" **I also really liked the sights and beauties of the city, which Olomouc has in abundance.** "In my free time, I loved to admire the original preserved architecture of the city and the surrounding nature. Interesting places are, for example, the Bezručovy sady with the botanical garden or the historical square."*
